

SILVER ROCK

Oil & Gas Services Company

DEPENDABLE SUPPLY

EXPERT ENGINEERING

SEAMLESS OPERATION

Overview

Silver Rock Company specializes in the global procurement and supply of high - quality equipment tailored specifically for drilling companies. Our mission is to empower drilling operations in Kingdom of Saudi Arabia by providing reliable, efficient, and innovative solutions that meet the diverse needs of the energy sector.

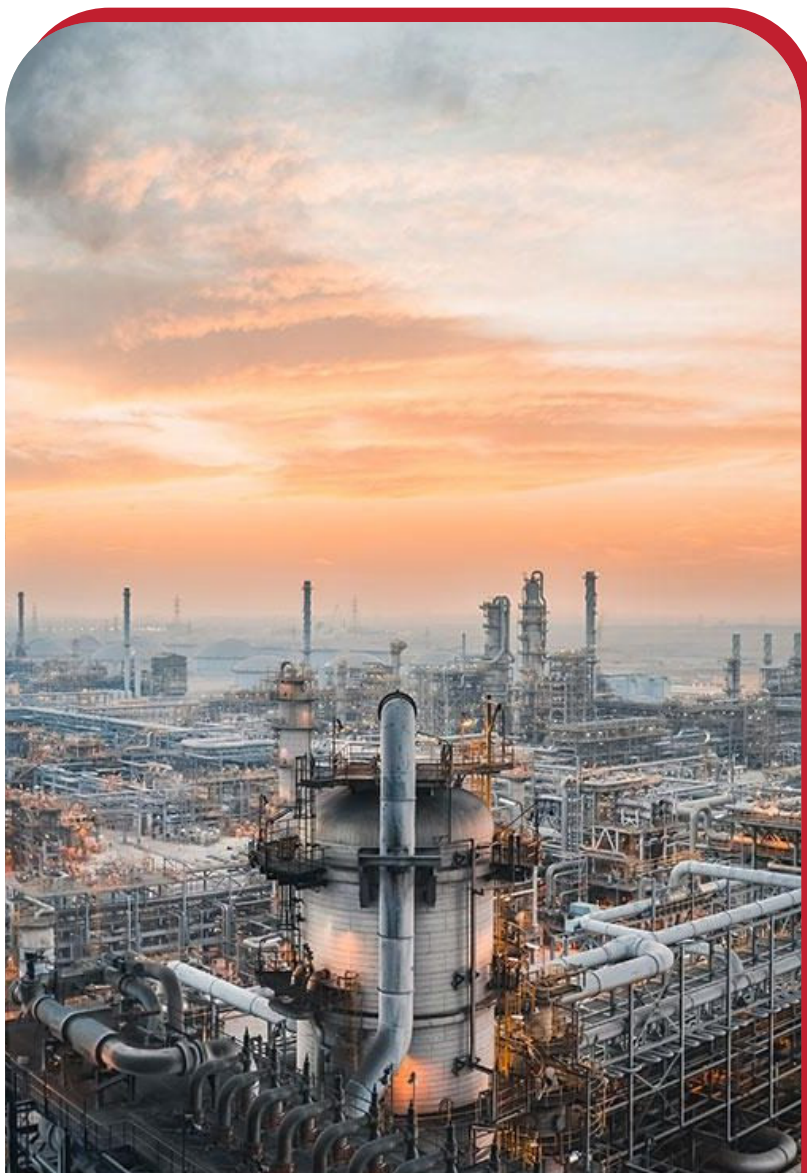

Mission

At Silver Rock Company, our mission is to empower drilling companies with top-tier equipment and unparalleled service, driving efficiency and enhancing operational success in a competitive marketplace.

Vision

To be the preferred partner for drilling companies globally, recognize for our integrity, innovation, and commitment to quality in procurement and supply solutions.

Core Services

Global Procurement: We leverage our extensive network of suppliers and manufacturers to source a wide range of equipment and materials essential for drilling operations. Our procurement strategies ensure that our clients receive the best products at competitive prices.

Engineering Services: We provide comprehensive engineering support tailored to the needs of onshore and offshore drilling operations. Our team delivers practical, cost-effective solutions across design, analysis, and project execution, ensuring efficiency, safety, and compliance with industry standards.

Technical Support & Execution: Silver Rock Company is committed to delivering reliable engineering services with a focus on quality and performance. From concept to completion, our expertise in project coordination, technical evaluation, and field support helps optimize operations, minimize downtime, and ensure successful project delivery.

Supply Chain Management: Silver Rock Company is committed to delivering timely and efficient supply chain solutions. Our expertise in logistics and inventory management allows us to streamline operations, reduce lead times, and optimize costs for our clients.

Our Guiding Principles

Integrity: We hold ourselves to the highest ethical standards in all that we do.

Safety: We act with the highest priority on health and safety in our workplace and communities

Teamwork: We collaborate with our suppliers, our customers, to optimize the sum of all individual efforts, while being active participants in the communities where we live and work.

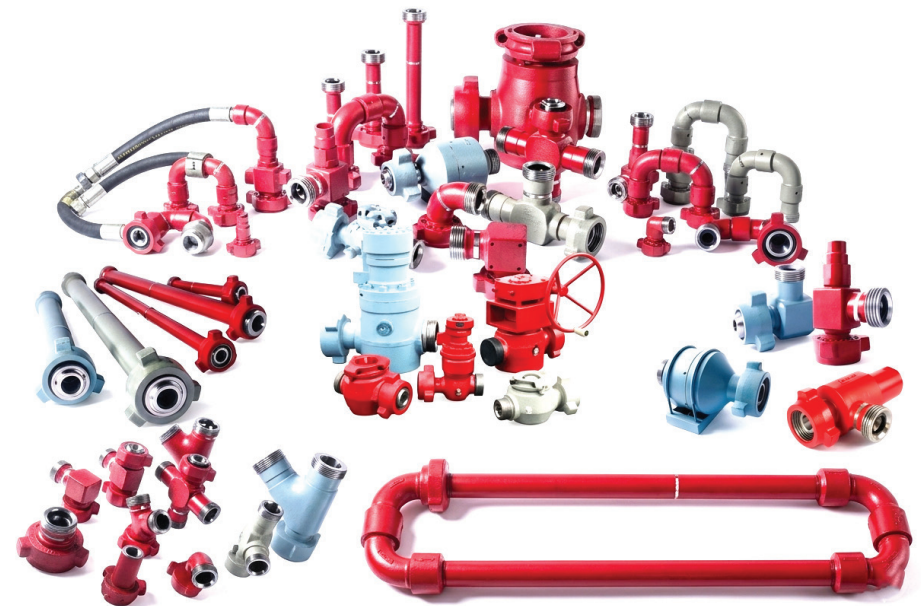

Excellence: We are passionate about being the best in the industry, making our customers priority one, and creating long-term value.

Flow Line Products Supply

We specialize in the supply of high-quality flow line products for oil & gas, drilling, and industrial applications, ensuring safe and efficient fluid handling under demanding operating conditions.

Our product range includes flow line pipes, hammer unions, plug valves, check valves, pup joints, swivel joints, chiksan joints, and associated accessories designed for high-pressure and abrasive service environments.

All products are sourced from reputable manufacturers and comply with international standards such as API and ASME, ensuring durability, reliability, and consistent performance in critical operations.

Pipes, Tubes & Fittings Supply

We supply a comprehensive range of pipes, tubes, and fittings suitable for oil & gas, construction, and industrial applications.

Our portfolio includes carbon steel, stainless steel, alloy steel, and PVC materials, available in various sizes, schedules, and pressure ratings to meet diverse project requirements. All materials are sourced in compliance with ASTM, ASME, and API standards, ensuring quality and reliability.

Motors & Power Transmission Supply

We provide high-quality electric motors and power transmission components for industrial, oil & gas, marine, and construction applications.

Our range includes AC/DC motors, gear motors, gearboxes, couplings, belts, pulleys, chains, and bearings sourced from globally recognized manufacturers. These products are designed for efficiency, durability, and long service life in demanding environments.

All equipment is supplied in accordance with international standards and project specifications, supporting both new installations and maintenance requirements, with a focus on cost-effective and timely procurement.

Hoses & Fittings Supply

We offer a comprehensive range of industrial hoses and fittings for oil & gas, marine, construction, and general industrial applications.

Our supply includes hydraulic hoses, industrial rubber hoses, stainless steel braided hoses, and specialized hoses for high-pressure, chemical, air, and fluid transfer applications. We also provide a complete range of fittings, adapters, and couplings for reliable system integration.

All products meet international quality standards, ensuring durability, flexibility, and performance in demanding conditions.

ABS Steel Supply

Silver Rock Oil & Gas Services specializes in the sourcing and supply of ABS-certified steel materials for onshore and offshore applications.

Our scope includes structural steel, plates, pipes, fittings, and customized fabricated components suitable for harsh operating environments. Leveraging a strong global procurement network, particularly in the United States, we ensure compliance with stringent ABS standards.

All materials are supplied with full traceability and certification, supporting operational reliability and long-term performance.

Hand Tools & Welding Products Supply

We supply a wide range of professional hand tools and welding products to support maintenance, fabrication, and industrial operations.

Our hand tools include wrenches, spanners, pliers, hammers, torque tools, cutting tools, and measuring instruments sourced from trusted global brands.

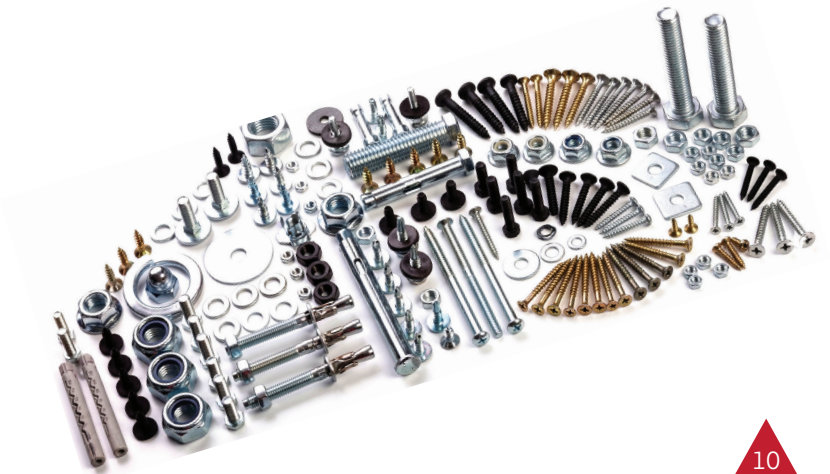

In addition, we provide welding machines, electrodes, wires, cutting and grinding consumables, and safety accessories suitable for various welding applications, ensuring precision, durability, and operational efficiency.

Fasteners Supply

We provide a reliable supply of high-quality fasteners designed for land rig and industrial applications.

Our range includes bolts, nuts, studs, washers, and specialty fasteners engineered to withstand high loads, vibration, and harsh environmental conditions.

Products are sourced from reputable international manufacturers and comply with ASTM and API standards, ensuring quality, traceability, and performance in critical applications.

Engineering Support Services

Industrial Rope Access Services

We provide certified rope access solutions for inspection, maintenance, and repair activities in hard-to-reach locations.

Our services include structural inspections, welding support, and industrial coating applications. By minimizing the need for scaffolding, we ensure reduced downtime, improved safety, and cost efficiency.

As-Built Survey & Drawing Preparation

Our engineering team conducts detailed site surveys and prepares accurate as-built drawings using advanced 3D scanning technologies. Deliverables are aligned with actual site conditions, improving documentation accuracy and operational efficiency.

Fabrication of Structures & Piping

We offer fabrication services for steel structures and piping systems, including spooling, fit-up, and assembly. All work is executed in compliance with applicable codes and project specifications, from material supply through to final delivery.

Baskets & Containers Supply

We specialize in the supply of baskets and containers for offshore and onshore drilling operations.

Our range includes cargo baskets, tool baskets, offshore containers, skips, and customized lifting units, manufactured in compliance with DNV 2.7-1 / EN 12079 standards.

All units are designed for durability, safety, and efficient cargo handling in harsh environments. We also provide refurbishment, recertification, and maintenance services to extend asset lifecycle and ensure compliance.

Safety Equipment & Supplies

We supply a comprehensive range of safety equipment and PPE for oil & gas, construction, marine, and industrial sectors.

Our portfolio includes helmets, eyewear, gloves, coveralls, safety footwear, respiratory and hearing protection, fall protection systems, and fire safety equipment.

All products are sourced from reputable manufacturers and comply with international safety standards, ensuring protection in hazardous work environments.

Marketing & Promotional Items Supply

Silver Rock Oil & Gas Services provides high-quality marketing and promotional items tailored to corporate branding requirements.

Our offerings include American-origin branded apparel such as hoodies, t-shirts, and shirts, along with customized merchandise including wallets, power banks, mugs, and giveaways.

We ensure strict adherence to branding guidelines, delivering premium-quality products with accurate logo application and finish. With strong sourcing capabilities and competitive pricing, we support clients in enhancing brand visibility and corporate engagement.

Our Commitment

At Silver Rock Company, we understand the critical role that reliable equipment plays in the success of drilling operations. Our commitment to quality, safety, and sustainability drives us to select only the highest standards of equipment and materials. We prioritize building long-term relationships with our clients based on trust, transparency, and mutual growth.

Why Choose Us

Experience: With years of industry experience, our team possesses in-depth knowledge of the drilling sector and its unique challenges.

Global Reach: Our international supplier network allows us to tap into diverse markets and offer a comprehensive range of products and services.

Customer-Centric Approach: We pride ourselves on understanding our clients needs and providing customized solutions that enhance operational efficiency.

Conclusion

Silver Rock Company is your trusted partner in the global procurement and supply of drilling equipment. By choosing us, you gain a dedicated ally focused on driving your operations forward with precision and excellence. Together, we can unlock new avenues for success in the ever-evolving energy landscape.
